# HORIZON HOSPICE

## THE FIRST YEAR . . . AND MORE

The first year of Horizon Hospice was full of hard work, new experiences, and the satisfaction of seeing an idea grow into a reality. In fact, the idea had been planted late in 1977 by the four incorporators of Horizon Hospice: Ada Addington, a veteran health care volunteer, Rev. J. Wilson Reed, a priest, Dr. Francis Duda, a pediatrician, and Sharon Bunyan, a lawyer. This report covers some of the highlights of what the Horizon Hospice Board, volunteers and friends have accomplished in 1978 and the first quarter of 1979.

### ACCOMPLISHMENTS:

- \* Form working committees: Finance, Volunteers, Building, Publicity, Nurses, Doctors, and Clergy.
